

Rakshita Gupta

COMPUTER ENGINEER

(414) 526-2678

rakgupta@purdue.edu

rakshita.me

Computer Engineering Technology student with a strong foundation in hardware design and repair, circuit design, and full-stack software development. Proven track record of developing cross-platform applications, automating complex data workflows, and leading detail-oriented technical projects. Adept at leveraging both microelectronics expertise and modern developer tools to design user-centric solutions and streamline operations.

Skills

- Product Development & Prototyping
- Circuit Design & PCB Layout
- Device Repair, Soldering & Microelectronics
- UX/UI Design & Implementation
- Web & Mobile App Development
- Software Testing & Debugging
- 3D Modeling & 3D Printing
- Video Editing & Content Creation

Languages:

Python
Java
C/C++
HTML/CSS/JS
Dart
Swift
SQL
MATLAB
SystemVerilog
VBS

Tools:

KiCad · LTspice
Git · GitHub
Docker
VS Code · Xcode
Figma
Blender · Fusion
Astro · Tailwind
Adobe Suite

Education

PURDUE UNIVERSITY — EXPECTED: MAY 2028

Bachelor of Science in Computer Engineering Technology | GPA: 3.08
Minors in Psychology, Entrepreneurship, and Computer Engineering

RELEVANT COURSEWORK:

ECE 20875 – Python for Data Science

ECE 26400 – Advanced C Programming

ECE 20001 – Elec. Engineering Fundamentals

ECE 36800 – Data Structures

ECE 27000 – Intro. to Digital System Design

CNIT 18000 – Intro. to Systems Development

Work

LEGAL AUTOMATION CONSULTANT (FREELANCE)

Remote | Jun – Jul 2026

- Developed a Visual Basic Script (VBS) tool to automate the extraction and conversion of tables from HIPAA-compliant Word documents into Excel spreadsheets.
- Designed an intuitive interface enabling legal professionals to efficiently review structured data and seamlessly append company recommendations.
- Operated under a strict NDA with a locked-down document that could not be shared with any external service, building the automation entirely within the client's secure environment.

UI/UX DESIGN CONTRIBUTOR

BlueBubbles (Open Source) | Jun 2020 – Aug 2023

- Contributed UI/UX design to an open-source Flutter app bringing iMessage to Android — 100K+ downloads and a 4.6★ rating on Google Play.
- Streamlined the chat interface and theming engine, working directly with the core developer team and a 13,000+ member Discord community.

ELECTRONICS TECHNICIAN / SALES ASSOCIATE

CPR Cell Phone Repair | Sep 2022 – Aug 2023

- Completed ~200 repairs per month across phones, tablets, laptops, and consoles — from screen and battery swaps to board-level soldering; lead technician for software-based repairs.
- Top technician in speed and customer satisfaction; upsold 150+ screen protectors and 3–5 full device sales monthly.

FOUNDER

CDI Official | Nov 2014 – Jun 2023

- Founded a media studio delivering 50+ professionally edited videos, plus apps, websites, and event coverage that built clients' brand identities and online presence.
- Produced 360°/VR simulation videos for Augusta University's Medical Simulation Center — later adapted into interactive VR training apps for medical students.

Projects

Personal Portfolio — rakshita.me · Designed and built with Astro, Tailwind CSS, GSAP, and Lenis — scroll-driven animations, light/dark theming, and interactive easter eggs; deployed via GitHub Pages on a custom domain.
